

HC Versa™

The highest level of protection with the ultimate customer experience

AirSpeed®

Deliver a wow-factor during the unboxing experience with hybrid cushioning produced by the HC Versa system. This compact, user-friendly system offers creates cushioning on-demand from Pregis' proprietary film patterns that produce square pillows that reduce material consumption, provides superior protection and a premium aesthetic preferred by consumers.

Wow Factor:

- Premium look of Hybrid Cushioning enhances customer experience
- Study shows Hybrid Cushioning can increase consumers' product price perception by 45%

Superior Protection: Square pattern prevents products from damage or "bottoming out"

Versatile: Largest selection of film variations, cushion widths and cell heights

User Friendly: Easy to load and operate with a simple start/stop operator interface

Setups and Integrations: Able to accommodate any production requirements

High Yield: Proprietary pattern and registered perforation reduces material consumption

Simple Integration:

- Compact profile is adaptable for any pack station set up
- Multiple delivery systems with a wide range of ergonomic solutions available for packing requirements

Sustainable:

- Eliminate product damages – the single biggest environmental factor of product delivery
- Material source reduction vs. cushioning materials alternative materials
